

## Key Investor Information:

this document contains key information for investors in the fund. It is not a promotional document. The information contained herein is provided to you in accordance with a legal obligation in order to help you understand the implications of investing in this fund and the related risks. You are advised to familiarise yourself with this document in order to make a fully-informed investment decision.

## LAZARD CREDIT FI

### FCP

This UCITS is managed by LAZARD FRÈRES GESTION SAS  
FR0012074151 - PVD EUR

## Objective and Investment Policy

**Classification of the CIS:** International bonds and other debt securities.

**Investment objective:** The investment objective is to outperform compounded ICE BofAML Euro Financial Index, expressed in euros, net of charges, over a recommended investment period of three years.

**Investment policy:** To achieve this investment objective, the Fund will be actively managed, mainly invested in subordinated debt (which is of higher risk than senior or secured debt) or any securities not deemed to be ordinary shares and issued by financial institutions. The Fund is managed by combining a top-down approach (which first looks at general economic and market trends before deciding in which geographical areas and securities to invest) and a bottom-up approach (which first looks at issuers' creditworthiness and the quality of individual securities), thus incorporating the regulatory conditions applying to this asset class. The Fund's modified duration is between 0 and 8. The Fund is invested only in bonds or securities of issuers the registered offices of which are established in OECD-member countries and/or in securities listed on a financial market of one of these countries. The Fund is invested only in bonds that are traded in euros, US dollars, pounds sterling or in any OECD currency. To build his portfolio, the manager conducts his own assessment of bonds or securities not deemed to be ordinary shares. He also refers to agency ratings but does not rely on them solely and mechanically.

The Fund's portfolio comprises:

- up to 100% of the net assets in bonds or securities, not deemed to be ordinary shares, issued by Investment Grade or equivalent issuers based on the management company's analysis and rated at least BBB- by Standard & Poor's or equivalent based on the management company's analysis, and up to 20% of the net assets in bonds or securities issued by speculative/High-Yield issuers based on the management company's analysis, or rated below BBB- by Standard & Poor's or equivalent based on the management company's analysis, or not rated by a rating agency. Speculative/High Yield bonds or securities may not exceed a maximum of 70% of the Fund's net assets,
- up to a maximum of 80% of the net assets in bonds or securities not deemed to be ordinary shares, traded in US dollars, pounds sterling or in any OECD currency. Exchange rate risk will be hedged so that exposure thereto shall not exceed a maximum of 10% of the Fund's net assets,
- up to a maximum of 10% of its net assets in ordinary shares arising from the exchange or conversion of debt,
- up to a maximum of 10% of the net assets in money market UCITS, short-term money market funds or French or European bond funds provided that

less than 10% of these funds' assets are invested in other UCIs. These UCIs may be managed by Lazard Frères Gestion.  
Total exposure to equity risk may not exceed 10% of the Fund's assets.

The manager may invest in the following securities with embedded derivatives up to a maximum of 100% of the net assets: structured products, subordinated debt, callable and puttable bonds, convertible bonds and contingent convertible bonds (a maximum of 30% of the net assets for the latter).

The Fund may invest up to a maximum of the amount of the net assets in interest-rate and currency futures, interest-rate and currency options, interest-rate and currency swaps, credit derivatives (with CDS limited to a maximum of 40% of the net assets) and forward foreign-exchange contracts traded on regulated, over-the-counter or organised markets to hedge against or expose the portfolio to interest rate and exchange rate risk. For hedging purposes only, and up to a maximum of 10%, the fund may use equity futures and options.

### Allocation of distributable amounts:

Allocation of net income: Distribution

Allocation of net realised capital gains: Accumulation and/or distribution and/or retention

**Recommended investment period:** This CIS may not be suitable for investors planning to withdraw their contributions within 3 years.

**Redemption option:** orders are executed as indicated in the table below:

Business d	Day on which NAV is set (d)	Business d +1	Business d + 2
Daily order reception and daily centralisation of redemption orders before 12:00 a.m. (Paris time)	Order executed by the latest on d	Publication of the net asset value	Settlement of redemptions

## Risk and reward profile

### Explanation of the indicator and its main limitations:

The exposure to interest rate and foreign exchange risk explains the Fund's classification in this category.

The historical data used may not provide a reliable indication of the CIS' future risk profile.

We can give no assurance that the category displayed will not change, and the classification may change over time.

The lowest category does not imply a risk-free investment. There is no capital guarantee.

### Other material risk factors not incorporated into the indicator:

- **Credit risk for CoCos:** potential risk of a downgrade to the credit rating of an issuer or of a default of that issuer that would cause the share price to fall. Investment in CoCos entails specific risks. Depending on the trigger event, there may be a significant risk of loss for the fund. For instance, when the issuing company's capital ratio falls below a certain threshold, the CoCos may be converted into equities of the issuing company whose value may have fallen. In this way, contingent convertible bonds are subject to specific risks of non-payment of coupons and capital loss in certain circumstances.
- **Risks associated with derivatives:** Use of complex products such as derivatives may increase losses.

The materialisation of one of these risks may result in a decline in the net asset value of the CIS. The other risks are stipulated in the prospectus.

## Charges

The charges and fees paid are used to cover the Fund's operating expenses, including the costs of marketing and distributing its units. These charges reduce the investments' potential growth.

### Incidental costs collected before or after investment

Front-end load	4.00%
Back-end load	0%

The percentage indicated is the maximum percentage that may be applied to your capital before it is invested or before the proceeds of your investment are distributed. Investors may pay less in some cases. Investors may contact their advisor or distributor to find out the effective front-end and back-end load rates.

### Charges collected by the CIS over a year

Ongoing charges	0.28%*
-----------------	--------

### Charges collected under certain circumstances

Performance fee	30% of the Fund's outperformance relative to Eonia +3%. This fee will be capped at 2%.
-----------------	--

Performance fee invoiced for the last financial year:	0
---	---

\* The figure communicated is based on the fees charged for the previous financial year ended 29/03/2019. It may vary from one year to the next. The description includes direct and indirect costs.

For more information on fees, please refer to the charges and fees section of the prospectus for this CIS, available online at [www.lazardfreresgestion.fr](http://www.lazardfreresgestion.fr).

Ongoing charges do not include: performance fees and brokerage fees, except in the case of upfront or exit costs paid by the CIS when buying or selling units or shares in other collective investment vehicles.

## Past performance

Past performance is not a reliable indication of future performance and is not constant.

Performance is calculated less the charges collected by the CIS.

**Fund creation date:** 07/03/2008

**Currency:** EUR

**Benchmark indicator:**  
ICE BofAML Euro Financial Index expressed in euros

## Practical information

**Name of the custodian:** Caceis Bank.

**Where and how to find out the net asset value:** the net asset value is published daily in the offices of Lazard Frères Gestion and on the internet.

**Where and how to obtain information on the CIS:** A full copy of the prospectus and the most recent annual and periodic statements may be obtained within eight business days by sending a request in writing to LAZARD FRERES GESTION SAS, 25, rue de Courcelles 75008 Paris France.

**Taxation:** depending on your tax status, you may be subject to tax on any capital gains and income derived from the ownership of units or shares. Investors are advised to discuss this with their advisor or distributor.

LAZARD FRERES GESTION SAS shall only be held liable for statements made herein that may be misleading, inaccurate or inconsistent with the corresponding sections of the CIS prospectus.
