## INVESTMENT POLICY

The objective of the fund is to outperform, net of fees and over the minimum recommended investment period of five years, the Eurozone small and mid cap universe as represented by the EMIX Smaller Euroland index calculated on a total return basis.

## FUND MANAGERS COMMENT

Equity markets fell in the last week of October on the back of a new round of restrictions in European countries to counter the resurgence of the Covid-19 virus. The Eurostoxx ended the month down 5,7%, as did the Emix Smaller Euroland index. The SICAV fell 6,0% (1 Unit). The month had, however, seen a number of quarterly results publications which were broadly positive for the companies in the portfolio. These explained the main positive contributions including Exel Industries (+16%), Axway (+6%), Manutan (+4%), Ordina (+2%) and Cargotec (+1%). Cargotec also announced a proposed merger with Konecranes, a Finnish competitor in port equipment and cargo handling solutions. Sopra (-25%) suffered from a weaker than expected performance in the French market and also announced that it has been the victim of a cyberattack. LPKF (-28%) and Takkt (-15%) saw profit taking on the back of unremarkable results while FILA (-18%) and KSB (-15%) both declined with no particular newsflow. During the month we reduced weightings in Cargotec, De'Longhi and Deceuninck and added to our holding in Sopra.
