**MANAGEMENT**

Overall ★★★★★

**INVESTMENT POLICY**

The objective of the fund is to outperform, net of fees and over the minimum recommended investment period of five years, the Eurozone small and mid cap universe as represented by the Euromoney Smaller Euro index calculated on a total return basis.

**FUND MANAGERS' COMMENT - Annabelle VINATIER, Jean-François CARDINET, James OGILVY**

Having ended 2016 strongly the Eurostoxx made a more muted start to 2017, declining by 1.0% in January. Small caps, on the other hand, were up over the month with the Euromoney Smaller Euro index gaining 1,3% and the SICAV 0,8%. This performance was driven by Manitou (+13% following the publication of Q4 revenues and a very strong order backlog), Interpump (+12%) and Groupe Crit (+8%), as well as Technotrans (+7%) and Washtec (+5%). Bénéteau (-17%) published medium term guidance which disappointed the market while other negative contributions to performance included Zumtobel (-9%), Axway (-6%) and Beter Bed (-5%). Over the month we took some profit in Washtec following the recent strong performance, reinvesting the proceeds by adding to the weightings in Altran, Biesse, Axway, KSB and Altri
